

# FDM 3D Printer LK5 PRO

Fully upgraded high performance 3D Printer

4.3inch Touch Screen

Quiet Printing

Fast Heating

Simple Installation

Power Interruption

## FEATURES

- Inclined Rod
- High Temperature Teflon
- Lattice Glass
- 4.3 Inch Touch Screen
- Tmc2208

## SPECIFICATIONS

Model	LK5 Pro	Relative Humidity	20-50%
Printing Technology	FDM (hot melt production)	Input Voltage	100-120V AC 7A,200-240V AC 3.5A, 50-60Hz
Build Volume	300*300*400mm	Output Voltage	24V/DC 15A
Layer Height	0.1-0.4mm	Rated Power	280W
Printing Speed	Not more than 120mm/s	Material	PLA, ABS, wood, copper consumables
LCD Touch Screen	4.3 inch	File Format	STL,G-Code,OBJ
Hot Bed	Yes	Connection Mode	Cura,repitier-host
Extrusion Temperature	10-30 ° C	Product Dimension	580*540*663 mm
Operating Software	Cura,repitier-h ost	Packaging Dimension	622*588*193mm
Operating System	Windows,Linux,MAC	Net weight	11KG
Working Temperature	Temperature:10-30°C Humidity :20-50%	Gross weight	13.5KG
